Nagoya University	Japan	Excellent	<p>This event provides a chance to explore traditional culture in Nagoya, which is often overlooked compared to Kyoto or Osaka. I'm eager to learn more about Nagoya's unique history and traditions.</p>	<p>I thoroughly enjoyed the entire tour and found it to be a well-organized and thoughtfully planned experience. The schedule allowed us to visit renowned temples, which gave me a new perspective on Japan's cultural and historical richness.</p> <p>In addition to the temples, we explored artistic and culturally significant places like Yokiso Village, Furukawa Art Museum, and Tamesaburo Memorial Museum. These visits were incredibly insightful, offering me a deeper appreciation for art and history and showing me new ways to enjoy such places.</p> <p>The guides also shared that</p>

Nagoya University	Sri Lanka	Excellent	Learn the history and site seeing	It is amazing to see how the Japanese government and people of Japan preserve their culture and heritage and promote artistic and elegant ways to encourage tourism through heritage and tradition. It was interesting to learn about Japan-Thailand relationships and the Nagoya Area's Local shogun and feudal lords.	the event was well organized. My only suggestion is to increase the time spent in each place.

Nagoya University	Philippines	Excellent	I want to explore Japan, especially the lesser-known places or hidden gems of the country.	<p>I love the whole duration of the event. It was not stiff. Everything was free-flowing. The tour guides were very approachable. They are knowledgeable, and I love the details shared with us about each place we've been highlighting the rich culture Nagoya has. The lunch was very generous. I had a bunch. :)</p> <p>The tea ceremony was the highlight for me. The tea master is very precise in all his movements. It is so satisfying watching him do things.</p> <p>The long walk was all worth it. Thank you for this opportunity.</p>	The tour guide's mic, I think needs replacement.
